Number of councillors on Mid Sussex District Council, plus one seat vacant

Real change for Haywards Heath

With just four months until the District and Town Council elections in Haywards Heath, it is shaping up to be a straight fight between the local Liberal Democrats and the Conservatives.

Cllr Vivienne Northorpe says: "It's right that political parties should co-operate in the interests of those they seek to serve. However, there are key areas of difference between us and the Tories on overall strategy for development of our area, on giving more power to the town council and on car parking strategy – to name but three areas.

"Our town needs strong local champions and as our record shows, on a range of issues, it's the Lib Dems who best represent our area. We will continue to stand up for the town and are already working on a clear, constructive and distinctive local manifesto for the elections, a manifesto based on returning powers back to our community where they belong."

● Councillors Vivienne Northorpe and Anne Hall investigate the car parking problems in Hoblands last autumn. This has been followed up with the PRH, see *story below left*.

Hospital over spill parking action

Cllr Anne Hall and Lib Dem parliamentary spokesperson Serena Tierney recently met with Duncan Selbie, the Chief Executive of the PRH to discuss local car parking problems.

The hospital have agreed to carry out a survey of their staff and work with the County Council to see how public transport can be better used to relieve the pressures on staff and visitors that cause over spill on to residential streets.

Anne reports: "The first stage is a survey of the staff and visitors, I will be following up to see that the PRH takes action on the results."

Make your mark

Town Councillor Vivienne Northorpe says, "The Lib Dems believe politics should be about local people and getting their ideas into action.

"Haywards Heath has been neglected... The Liberal Democrats want a more active local Town council....

"We know there's more to be done. Please call me on 440909 if you want to help with ideas for improving Franklands and for the town's future and *please see over for more about how your ideas can improve our ward.*"

On Haywards Heath

Lib Dems deliver change for Britain

Britain is seeing real change with the Lib Dems in power for the first time in decades. Nearly seven million people voted for Nick Clegg's party.

Now many of the policies those people voted for are being put into practice thanks to the deal struck by Nick Clegg.

This includes action for fairer taxes, to clean up politics and to get the economy moving again.

In the election, the Lib Dems promised a fairer Britain... and now the Liberal Democrats are delivering.

- ✓ No tax on the first £10,000 you earn
- ✓ More money for schools
- ✓ Action to get Britain working again
- ✓ The right to sack corrupt MPs
- ✓ Protect NHS frontline services
- ✓ Restored the pensions' earnings link
- ✓ Action to tackle climate change

Improve our area

A ward budget is a small amount of money set aside for use by local people to fund local projects decided on by the ward councillors with the community.

Ward budgets should be seen by both the Town Council and community as an opportunity to fund new local initiatives.

What do you think needs doing in your local community? Is there anything you would like to change or improve on? Are there any local groups you would like to see running or get going? Do our local parks need improving?

Cllr Vivienne Northorpe says, "I would love to hear your ideas, please contact me."
